13TH EUROPEAN CONFERENCE ON TURBOMACHINERY

FLUID DYNAMICS AND THERMODYNAMICS

8-12 APRIL 2019 LAUSANNE SWITZERLAND

<http://www.euroturbo.eu/conference/etc13/>

Call for Sponsors & Exhibitors

We are looking for sponsors and exhibitors for the 13th European Turbomachinery Conference (ETC13) that will be held in Lausanne April 8-12, 2019. Leading turbomachinery manufacturers and researchers from all over Europe will attend the conference.

We offer various advantageous sponsoring and exhibition packages to companies who sell products and services to the turbomachinery community. We hope to encourage you to take this opportunity to advertise directly to many potential industrial and academic clients.

We are expecting approximately 150 papers presented in three parallel sessions over five days. The majority of papers will come from Europe, but some papers from USA, China and Russia will also be presented. Over 250 attendees participated in the last Conferences held in Stockholm (2017) and Madrid (2015)

Exhibitor and Sponsorship Plan

Scope of the Conference

The European conference on Turbomachinery (ETC) is a key event for technology transfer across Europe in the fields of turbomachinery, fluid dynamics and thermodynamics through the presentation of the latest developments and best practice.

The scope of the conference covers from a scientific and engineering perspective, the fluid dynamics and thermodynamics of all kind of turbomachinery in the attempt to improve their performance, stability and sustainability characteristics.

Of prime interest are the design, the analysis and the operation of axial, mixed flow, radial and unconventional turbomachines:

- Aero-engines and jet engines
- Industrial gas turbines, steam turbines
- Compressors and fans
- Turbochargers
- Hydraulic turbines and pumps
- Wind and marine turbines
- Aero and marine propellers

Particular emphasis will be given to the following areas:

Fundamental fluid mechanics

Thermodynamics, heat transfer, cooling and leakage

Unsteady flows and interactions

Turbomachinery design, performance and operation

Conference Venue

The SwissTech Convention Center (STCC) is one of the most modern and best-equipped conference centers in the world. The STCC, located on the EPFL campus in Lausanne is hosting events of international fame. This majestic building is distinguished by its modernity and its innovative technologies.

The Grätzel campus is a large open area directly outside the main conference room where sponsors will be able to set up their exhibits. As standing lunches will be held in the same area, exhibitors will have great opportunities to interact with attendees during the 5 days of the conference.

Lausanne enjoys a privileged geographical location at the heart of Europe. It is easily accessible by train and airplane, (40 min from Geneva International Airport 2.5 hours from Zurich Airport). Situated by Lake Geneva and surrounded by vineyards, countryside and forests, Lausanne benefits from an enchanting backdrop with spectacular views of the Alps.

© LT / www.diapo.ch

EPFL is Europe's most cosmopolitan technical university with students, professors and staff from over 120 nations. In a dynamic environment, open to Switzerland and the world, EPFL is centered on its three missions: teaching, research and technology transfer.

Exhibitor and Sponsorship Plan

Sponsoring Opportunities

Small Package 3000 € excl. VAT, Limit 10

- Logo and name on the front cover of the Conference Program
- Featured logo and sponsor website link on ETC13 Website's main page
- Logo / Name listed as Sponsors on posters at conference venue foyer and registration area
- Half-page advertisement in Conference Program

Exhibit Package 5000 € excl. VAT, Limit 14

- Logo and name on the front cover of the Conference Program
- Featured logo and sponsor website link on ETC13 Website's main page
- Logo / Name listed as Sponsors on posters at conference venue foyer and registration area
- Insert in conference bags (provided by sponsor)
- An Exhibit area (2 m x 3 m), a table, 2 chairs, 1 electrical power strip 220 V, wifi
- One Conference Registration included

Gala Dinner Sponsor 6500 € excl. VAT, Limit 1

- Logo and name on the front cover of the Conference Program
- Featured logo and sponsor website link on ETC13 Website's main page
- Logo / Name listed as Sponsors on posters at conference venue foyer and registration area
- Insert in conference bags (provided by sponsor)
- An Exhibit area (2 m x 3 m), a table, 2 chairs, 1 electrical power strip 220 V, wifi
- Company logo on Gala Dinner Menu
- 5 min speech during the Gala Dinner to briefly present the company
- One Conference Registration included
- One Gala-dinner registration included
- *The Gala Dinner Sponsor should provide the gift for the Best Paper Award*
